

Lorraine Green
Executive Coach, Consultant, Leadership Facilitator

Chartered Institute of Personnel and Development (CIPD), Master NLP Practitioner

Business Experience

Lorraine is an Executive Coach, Organisational Development and Assessment Specialist and Customer Services Consultant with a blue-chip HR/training & development track record, experienced in working at all levels and across an enviable range of private, public and charitable organisations.

Lorraine is enthusiastic and passionate about developing others, developing a balance of great relationship skills whilst not taking her eye off the commercial realities of business. She specializes in helping others successfully navigate challenging and sensitive issues at work. She has a particular skill in creating relaxed environments in which individuals feel safe and comfortable. From here she coaches them to stretch themselves and make a real step change in their performance. In a very practical way Lorraine's strengths focused approach to transition coaching enables clients to achieve success in the early days of a new appointment or a change to their role.

Lorraine has built strong relationships with people at all levels in client organisations, taking time to really understand their business from a people and commercial perspective. Lorraine's coaching clients include functional directors and senior managers across a wide range of sectors. She is a certified coach with over 2000 coaching hours and in her coaching practice she is trained to work with a range of approaches to coaching including coaching in the Thinking Environment, EFT and performance coaching. She is also experienced in the design and delivery of assessment and development centres.,
